# Treating & Curing HCV in Saskatchewan Primary Care Settings

.....

## FALL 2020 Session

**October 20 & 27** (Participants attend both dates)

5:00pm-7:00pm - Delivered over ZOOM

### Learning Objectives:

- Increase awareness of HCV & the current state of HCV in Saskatchewan
- Discuss the role of primary care providers in HCV treatment & patient care
- Learn how to screen for & diagnose HCV
- Learn how to evaluate patients for treatment with the goal of HCV cure

### Presenter:

Dr. Kris Stewart, Internal Medicine Specialist (HIV/HCV)

### Registration Open to All:

Primary Care Physicians  
Family Medicine Residents  
Nurse Practitioners

Sessions are limited to 15 participants and focus on knowledge development and preparation for integrating sound HCV assessment and treatment into their clinical practice.
